Dear Representatives,

My understanding of the redistricting process was that those of us from the Harris County delegation would come to agreement on our districts in our local map.

There is currently a draft Harris County map with 24 seats that pairs two members of the Harris County delegation.

It is my understanding that this is not in line with the instructions from Chairman Solomons. I also believe that both of those districts are protected under the Voting Rights Act.

Since Chairman Solomons indicated from the floor that Harris County would maintain its 25 seat delegation, we should spend our time and resources working on a map that fits his guidance instead of a map that pairs incumbent members of our delegation without discussion. Further, I do not approve of my district as drawn under this draft.

Thank you for your work thus far on the redistricting process in our county. I look forward to continuing to work together to ensure that all of our constituents receive the proper representation entitled to them under the law.

Sincerely,
